2025-Present	Çankırı Karatekin University TURKEY Master's in computer engineering
2020-2025	Çankırı Karatekin University TURKEY Bachelor's in computer engineering
2019-2020	Eskisehir Osmangazi University TURKEY Turkish Language Studies
2016-2019	Faculty of Sciences Semlalia MARRAKECH, MOROCCO Physics Major

2015-2016
IBN ROCHD High School
MOROCCO
Physics Concentration

EXPERIENCE

2024-2025
Software Developer Intern
Turkey

- Developed and optimized web applications using PHP, JavaScript, and MySQL.
- Worked on debugging and improving the performance of existing software.
- Collaborated with a team of developers to create innovative solutions.

2023-2024
Hardware Intern
Turkey

- Conducted computer formatting and system resets for all faculties at the university.
- Assisted in hardware troubleshooting, maintenance, and upgrades of university lab computers.
- Implemented network diagnostics and system optimizations for improved performance.
- Provided technical support to students and faculty regarding hardware and software issues.

2021-Present
Student Services Consultant (Team Leader)
Istanbul, Türkiye

- Assisted international students in admissions and university processes.
- Managed applications, documentation, and communication with institutions.

2020-2021
Call Center Representative
Istanbul, Türkiye

- Managed customer inquiries and provided solutions efficiently.
- Strengthening communication and negotiation skills.

MEMBERSHIPS & VOLUNTEERING

- Coordinator of the **Media Committee** at Hope and Smile Youth Association (Dakhla)
- Moroccan Scouts Organization (**Commander & Guide - Dakhla**)
- Supervisor in **Summer Camps**

PROJECTS

- **E-commerce Website Development**
 - Designed and implemented a fully functional e-commerce website using **PHP, MySQL, and JavaScript**.
 - Integrated secure payment gateways and enhanced website security.
- **3D Electronics Website**
 - Designed and built an interactive electronics website using **Three JS, React JS, and GSAP**.
 - Optimized animations and 3D rendering for seamless user experience.
- **Hospital Management System**
 - Created a database-driven management system for hospital administration.
 - Implemented role-based access and improved data security protocols.
- **Android Music Player App**
 - Designed and built an Android application for music streaming using **Kotlin** and **Firebase**.
 - Implemented playlist management, offline mode, and personalized recommendations.
- **Hotel Booking Website**
 - Created a ticket reservation system for bus transportation using **HTML** and **CSS**.
 - Developed an admin panel for route and schedule management.
- **Brain Tumor Image Processing System**
 - Implemented machine learning algorithms to enhance MRI images of brain tumors.
 - Developed an AI model to improve diagnostic accuracy and clarity.

LANGUAGES

- **Arabic** (Native)
- **English** (Fluent)
- **French** (Fluent)
- **Turkish** (Proficient)
